Science (CBSE) — 86%

SECONDARY (CBSE) — 86%

PROFESSIONAL PROFILE

Technical Sales & Business Development professional who connects engineering, data, and sales to turn technical solutions into commercial value.
Experienced in client acquisition, sales operations, market strategy, and industrial solutions, with a focus on building client relationships, identifying opportunities, and driving revenue growth.

PROFESSIONAL EXPERIENCE

TECHNICAL SALES ENGINEER - BIGETA ENERGY SOLUTION
2025 JULY– 2026 AUGUST
Bangalore,India
Driving revenue growth and market expansion for energy management and electrical engineering services. Leading a sales & BD team while managing strategy, client acquisition, and high-value industrial accounts. Responsible for combining technical expertise with business strategy to deliver scalable solutions for clients across manufacturing, utilities, and infrastructure sectors.

- Spearheaded end-to-end sales cycle—prospecting, qualification, technical pitching, proposal development, and deal closure—resulting in a growing pipeline across key industrial sectors.
- Developed and executed market penetration strategies for services such as power quality analysis, energy audits, load assessments, and reliability studies.
- Managed high-value client discussions, translating technical findings into clear business impact and ROI-driven value propositions.
- Led and coached team in improving outreach quality, lead generation efficiency, and conversion rates through structured BD frameworks.
- Collaborated with engineering, operations, and senior leadership to refine offerings, prepare accurate proposals, and ensure seamless project execution.

TECHNICAL SALES & MARKETING COORDINATOR-COMFIT AND VALVES
2024 JULY-2025 JUNE
Ahmedabad,Gujarat
Coordinated technical sales operations, supporting B2B clients across industrial fittings and engineering components. Acted as the communication bridge between customers, engineering teams, and internal stakeholders to ensure accurate solutions and timely delivery.

- Prepared precise quotations and technical documentation while managing customer inquiries to ensure timely and accurate responses.
- Built and maintained strong B2B client relationships through consistent communication and tailored technical assistance.
- Coordinated closely with engineering and production teams for smooth order processing, tracking, and delivery.
- Supported sales team with product knowledge, sales insights, and onboarding/training of new team members.
